

VOLUNTEER POSITION DESCRIPTION

Position: Gardeners
Time Commitment: Varied: May to September
Reports to: Office Manager

RESPONSIBILITIES and ORIENTATION

Shalom Counselling Centre is situated on what was former farmland. We have developed a beautiful Peace Gardens on our property filled with fruit trees and perennial flower beds. The purpose of our Peace Gardens is to provide a place of solitude for those wanting a place to reflect either before or after their counselling sessions. As well, our staff benefit from having somewhere 'green' to eat lunch or take a break during the day as self-care.

We are seeking several people who would want to volunteer on a rotational basis to help us maintain our gardens during the months of May to September. We kick start with a Spring Garden Bee where we prepare the flower beds for the season, and end with a Fall Clean Up where we put the beds to rest (weather permitting). You would be welcome to join in either of these events, or just sign up to rotate for maintenance duties. Tools are provided.
